Puppy Purchase Agreement

Sire	Okalani's Egypt	Sex	
Dam	Zara	Color	
DOB		Price	

Deposit of \$____ was paid on ____ immediately reserving the above puppy. Full remaining payment of \$____ is due on or before _____. Pup must be picked up no later than _____.

All deposits or monies paid at any time are non-refundable. Monies are transferable to another available Zara puppy only before puppy is 10 weeks of age and are non-refundable at any time. The remaining pup balance is due at the time of puppy pick when the pup turns 8 weeks of age and no later. No extensions or holds will be made. If the buyer cannot pay for the above pup by the time he/she is 8 weeks of age, the buyer relinquishes the entire deposit to the seller, any payments made up until that point, and the opportunity to purchase the dog. No refunds will be given at any point.

Seller certifies that the above American Bully is of sound health. Buyer may choose to verify dog's health by a certified veterinarian of choice within 72 hours of receiving dog. If major health issues are found, buyer can choose to return the dog and health certificate to seller for full refund. Very common puppy issues like fleas, ticks, worms, Coccidia, Giardia, skin rashes/irritations, etc. are not grounds for returning pup, although seller has made every effort to keep pup clear of these issues which is documented in health record.

American Bullies (especially Exotic Bullies), like all breeds, have breed-specific health challenges. Please familiarize yourself with these before purchasing. We do not guarantee that this dog will be free of health issues later in life nor do we guarantee that he/she will be able to reproduce. It is essential that pup receives adequate heart worm prevention, flea/tick treatment, deworming treatment, and a high-quality balanced diet. And it is VERY essential that this brachycephalic breed is kept cool and calm especially once fully grown or heat exhaustion could cause early death. **THESE DOGS ARE HEAT INTOLERANT!**

The above dog will come with full IBKC registration and breeding rights. If purchasing breeding rights to a merle pup, the buyer also agrees never to breed two merles together, which can cause sick, dead, and defective puppies (merle is a deletion gene and, when bred correctly, causes no health risks but can be seriously dangerous when two merle dogs are bred together). **Please make ethical breeding choices.**

Buyer agrees to care for the dog for its lifetime. We do not condone backyard breeders, puppy mills, or the mistreatment of our dogs. If at any time the seller finds that the dog is not being cared for and/or in bad health as a direct result of buyer's neglect, the seller has the right

to seize the dog and no refund will be given. This dog may not be sold, traded, or re-homed without consent from seller.

**OUR GOAL IS TO ENSURE THAT ALL OUR DOGS LIVE HAPPILY IN THEIR FOREVER HOMES.
IF AT ANY TIME, YOU CANNOT TAKE CARE OF YOUR DOG PURCHASED FROM US, CONTACT US.
WE WILL HAPPILY TAKE HIM/HER BACK. AGAIN, ALL MONIES ARE NON-REFUNDABLE.**
